If your comments are related to a CALFED public workshop or meeting, what was the date of that event? Same

Comments: I'm concerned about some individuals (based on their remarks) do in fact have a set agenda and solutions and do not think that the needs of some of the folks at the table should be met. E.g. West-side ag., large corporate farming, etc.

Questions: Given time element to do major projects/programs, what happens when Bay/Delta Accord stds. "expire" in less than 2 yrs?
